The most beautiful affair ever pulled off in Paducah was the opening of the horse show last night. It took place in the baseball park, which had been illuminated with many and incandescent lights. The grand stand had been artistically decorated, and the reserved seats were covered to protect people's clothing. The rain yesterday had put the grounds in bad condition, but they were scraped and the ring was covered with sawdust, making it like a carpet. There was not a single accident and the decisions of the judges were fair and impartial, each announcement of a prize winner being vigorously cheered. This is Paducah's first horse show and the only thing to mar it is the bad weather, which of course keeps many out of town people away, and possibly a number of citizens.

Probably 1,000 people witnessed the event. Society was out in force and presented a handsome spectacle in their costly gowns. The grand parade, which was late in starting, was cheered repeatedly as the rigs were driven around the ring several times. And the musical drill, under the direction of Mr. Victor Voris, was the surprise of the evening. Several different formations in the march and the formations were shifts that must be seen to be appreciated. This feature was so good that it is regretted it will be repeated tomorrow night if rain does not prevent the events from taking place. Prof. Dean's band furnished the music.

The events and the entries, judges and prize-winners were as follows:

STREET CAR MEN FAIL TO GO TO WORK

They Claim it is a Lock-Out,
and Not a Strike.

The Running of Cars Not Affected—
New Men in Their Places
Without Delay.

WHAT EACH SIDE SAYS OF IT

A strike or lockout of street car motormen and conductors was inaugurated this morning on Paducah Traction and Light company. Assistant Superintendent McNelly stated that only eleven employees refused to go to work today, four of whom were motormen and the remainder conductors. The company regards it as a strike. The labor men say it is a lockout.

The cars were all manned at the usual time, however, by other men, and there was no inconvenience or delay in the schedule. The number of employees recently discharged and those who went out today will probably not exceed 15 or 20. The company anticipates no difficulty in running its cars, and is understood to have about 60 applications for positions, indicating that it will have no trouble finding men.

The strike is the result of differences between the company and some of the employees who belong to a recently organized union.

The Sun received a copy of the union men's statement this afternoon but not until too late to use it in full. Briefly the employees' statement is: That the company upon learning of the organization of a union, set out to destroy it by threats and intimidation, as well as by persuasion. The men decided to stand firm. They had no intention of making any demands on the company at this time. The company began discharging the union men two or three at a time until fourteen were let go. The old management refused to meet a committee of union men as such. Later the new management declined to do the same thing, but finally received the members as individuals, but would not discuss the organization of the union, or assure them that the remaining union men would not be discharged. They declined to promise to cease hostilities against the union even until Mr. Pratt could go to Boston and place the matter before Mr. Webster, of the Stone & Webster Co. This, in brief, is the statement of the discharged street car men.

The management's side is that they are new men in Paducah and desire to give the public the best possible service at the least possible cost to the people, but desire to run the road and other properties here in accordance with their own ideas of how it should be done. According to General Manager Blocker, the company does not consider a man's age, religion, nationality or affiliation with any organization when he makes application for work, and it cannot promise to divulge in every case the reason an employee is discharged. It desires and intends to treat its men fairly and honorably and pay them just wages, the management states, but further than this cannot pledge itself. When the committee yesterday finished its conference with the management, the spokesman, according to General Manager Blocker, said that he was glad to have made the acquaintance of the gentlemen, and was "sorry we can't arbitrate." Mr. Blocker said that he replied that he could see nothing to arbitrate, as none of the company's employees had any grievance, so far as the company was aware.

The management intimates that its idea is that better discipline can be maintained among its employees and better service given the public, by conducting the management free from any outside influences or restrictions. This is as far as the matter has gone thus far.

ILLINOIS CENTRAL ANNUAL REPORT OUT

Road Handles 26 Times More
Freight Than 30 Years Ago.

President Fish Made a Statistical
Exhibit at Annual Meeting of
Stockholders Yesterday.

A SPLENDID SHOWING MADE

Chicago, Oct. 19.—President Fish, of the Illinois Central, addressing the stockholders at the annual meeting of the company presented a statistical exhibit of the company's growth since he first became a director in 1876. The year ending June 30, 1904 showed the gross earnings to be \$19,238,031, while in 1876 they were \$7,040,969.

In 1876 the number of passengers carried a mile was 51,238,031; in 1904, 583,481,895. The road is carrying twenty times more freight now than in 1876. Other statistics quoted by Fish were in line with the enormous increases shown in the above items.

The annual report shows a mileage of 1,374. The income from traffic, sale of lands and other sources after deducting the operating expenses is \$17,158,451. Deducting the fixed charges the net income for the year is \$10,133,341. Amount carried forward to surplus dividend fund is \$1,269,026.

In betterment of the property \$1,400,822 were spent. There are now 740 miles of double track.

At today's meeting of stockholders 628,292 shares of stock were represented, almost two-thirds of the total outstanding.

Three directors whose terms expired this year were re-elected as follows: Walter Litgen, John W. Auchincloss and Robert Walton Golet. Officers will be elected at the meeting to be held probably in New York.

W. B. SMITH INDICTED ON SEVERAL COUNTS

Former Banker Charged With Embezzle-
ment and Misappropriating Funds.

Louisville, Ky., Oct. 19.—W. B. Smith, formerly of Paducah and until a short time before it was closed president of the Western National bank at Louisville, was today indicted by the federal grand jury here on ten counts in connection with the affairs of the bank.

He is accused of making false entries to the extent of \$70,000, of misappropriating \$12,000, and of embezzling \$50,000.

Smith is at present missing. He came here from Paducah to become president of the Western bank, which was subsequently converted into a national bank. About six weeks after Smith was forced to resign, the bank was closed by order of the comptroller at Washington and while it was never so stated publicly, it was understood in financial circles that Smith's management was responsible for the bank's closing.

The bills were based on evidence furnished by United States Bank Examiner H. D. Garrett, of Princeton, Ky.; O. S. Denny, of Carversville, Ky.; George C. Wallace, of Paducah; A. E. Orr, of Central City, Ky.; H. H. Reynoldson, of Bradfordsville, Ky.; W. A. Julian, president of the Queen City Savings company of Cincinnati; C. W. Bonta, J. S. Woods, V. J. Blow, T. L. Jefferson and Miss Anna Halpin, of Louisville, and E. P. Toof, of Paducah.

The first indictment charges that May 1, 1905, W. B. Smith as president of Western National bank, made a false entry in showing that \$10,000 had been paid to Citizens' bank of Carversville, Ky.

Indictment No. 2 charges that W. B. Smith made a false entry in crediting George C. Wallace with \$29,966.60 instead of \$29,966.65 on May 1, 1905.

It is charged in the third indictment that W. B. Smith made a false entry using the name of George C. Wallace the amount being \$10,000.

On May 20, 1905, fourth indictment charges W. B. Smith made a false entry in favor of himself for \$10,000.

Fifth indictment alleges that on June 12, 1905, W. B. Smith made a false entry debiting the account of the White Oak Canal Coal company with \$35,000 on the order of the Queen City Savings Bank and Trust company of Cincinnati.

June 13, the sixth indictment charges W. B. Smith made a false entry debiting the account of the Continental National bank of Chicago with \$35,000.

Seventh indictment charges W. B. Smith with having misapplied \$29,966.60 proceeds of a note executed by P. P. Toof, of Paducah.

It is set forth in the indictment that Smith in discounting the note knew Toof to be insolvent.

W. B. Smith is charged in the eighth indictment with having misapplied \$4,866.67, the amount of a note executed May 3, 1905, by P. P. Toof, whom Smith knew to be insolvent.

The ninth indictment charges that on July 6, 1905, W. B. Smith misapplied \$1,250 in discounting a note of L. C. Garrett, whom Smith knew to be insolvent. Indictment ten alleges that on July 8, 1905, W. B. Smith embezzled \$50,000. The indictment of Smith was not unexpected. He himself had anticipated such a result and had retained former United States District Attorney W. M. Smith to take charge of his case.

There is reason to believe that the charge against Smith has to do with the alleged manipulation of the funds of the bank by which he is claimed to have profited to a considerable extent.

It is possible that Smith's connection with a Paducah banking and trust company may figure in the development of the evidence. It has been the subject of street gossip that at the time Smith left Paducah to come to Louisville he was practically

New Set of Charges to be Filed Soon Against City Jailer Before Aldermen

The Evitts' impeachment case will be taken up probably the latter part of next week. Attorney Hal Corbett, one of the prosecuting attorneys, has gone out of the city and is expected to return tomorrow, when some action will be taken.

President Dick Davis, of the board of aldermen, stated today that the case would be commenced over again and that new charges would be filed. Just what the nature of these charges are could not be found out but it is supposed they will be a duplicate

forced out of the banking institution with which he was connected in that city.

It is known that government officials and detectives had been searching night and day for Smith, for nearly two weeks. Not a trace was learned concerning him until the board of directors of the Western National bank received a telegram from him last Saturday withdrawing as a member of that board. At that time he was in New York. The presumption is that Smith has fled to Europe.

W. B. Smith's career in Paducah was perhaps fortunately not very lengthy. He came here as a sort of bank promoter, and was connected with the Globe Bank and Trust company during his stay. There were some who were suspicious of him from the first, and steered shy of him, but others were more confiding, some of them, it is said, to their sorrow.

Smith was a prominent member of the Y. M. C. A. here and of the good government league, and was one of the main backers of the league's paper published here two years ago. It is said that his methods were not altogether satisfactory to the officials of the bank here and he was finally forced out.

Smith is also said to have been the main one in the Home Purchasing syndicate, the principals in which seem nearly all to have escaped, leaving many honest men to suffer.

MULE DISABLED.

By Falling Into a "Monument Hole"
at Fourth and Broadway.

Because of the carelessness of some city employee the city will have to buy a worthless mule or pay the price of the mule.

Yesterday afternoon while one of the Barry & Hengeler coal drivers was driving along Fourth street at Kentucky avenue a mule stepped into a "monument hole," the cap having been left open by some of the city's attaches. The hole is an iron tub about eight inches in diameter and eight or ten inches deep. It is used to cover a stone which is set in the street and used to take levels or grades from. The mule's leg is practically ruined. It is said, and an official of the city approached the firm after the accident, realizing the city was liable, and offered to "do the right thing." The owners of the mule say they will sell him for a reasonable price or the city will have to pay for him.

Chicago, Ill., Oct. 19.—More than 750 former-stockholders received invitations and passes to attend a reception and luncheon given yesterday by President Stevenson Fish at the Park row station of the Illinois Central railroad. Assisting President Fish at the two functions, the reception and the luncheon were John Jacob Astor, A. G. Hackstaff, Cornelius Vanderbilt, John W. Auchincloss, Robert W. Golet, W. Morlon Grinnell and others whose names are familiar to the "400," as well as to Wall street and high finance, and are members of the Illinois Central board. The contingent from Wall street called the event an annual meeting, but the hotel pool who own a few shares of stock look upon it as a reunion.

METROPOLIS NEWS

BUSINESS MEN ARE WORKING FOR A BIGGER TOWN.

Lightning Kills a Fine Horse—Notes of a Minor Nature.

Metropolis, Ill., Oct. 19.—Dr. John M. Swann and wife, for many years missionaries located at Canton, China, arrived yesterday for a week's visit to Dr. B. C. Swann and family.

Mrs. Dr. Swann is recovering from a severe attack of fever.

Metropolis business men are at last awakening to the needs of the town; for a more concerted effort for its upbuilding and the securing of better railroad facilities. It is the outspoken sentiment of the town and the new business men's association that these needed reforms be at once taken up and pushed to a satisfactory end.

Capt. J. C. Willis sold his Joplin farm Wednesday to the C. & E. I. railroad. Consideration \$7,000.

A lemon tree belonging to Mrs. Sampson is on exhibition at the millinery store of Miss Lulu Williamson, and is a beauty. It is well worth a visit by anybody. It now has on it a dozen large lemons and two dozen smaller ones.

The new cigar factory has commenced business and its promoters are enthusiastic as to its future success.

Mrs. John Young, of Chicago, is

the guest of her mother, Mrs. Esther Conner.

"Uncle" Bob Williams and wife have gone to Hazel, Ohio, for a month's visit with relatives.

C. E. Adkins lost a fine horse by lightning Wednesday at an early hour. Mr. Adkins valued the animal at \$150. The bolt struck the stable roof, killed the horse and did considerable damage to the building. While its passage was through a lot of hay no fire resulted, for which latter fact Mr. Adkins is more reconciled to his loss.

Miss Bessie Kennedy and Til. Fowler are visiting W. D. Kennedy and wife at Carversville.

George R. Dodd, of New Columbia, district deputy for Southern Illinois of the Modern Woodmen of America, is in town in the interest of the order. He contemplates meeting the encouragement of our citizens to the degree warranted by the excellence of the order.

County Commissioner Louis Henne is home from Arkansas and the Indian Territory and he is much pleased with the country. He saw Uncle D. May and he says he is doing well. He abundantly confirms the truth of the statements made by "Dink" McCrory of the healthfulness, fertility and good opportunities for making money in that locality. Mr. Henne brings home samples of onions which made 500 bushels to the acre—great big ones, five inches in diameter. They brought the grower \$1.25 a bushel. He says Dink McCrory stands to make a "fortune" in timber and land. Mr. Henne was on top of Magazine Mountain, which, he says, requires a day's travel with a wagon and team to reach the summit.—Herald.

HOTELS FULL.

Horse Show and Opera Company Overlooked the Hoteliers.

The "Girl and the Bandit" company arrived about 6 o'clock last evening, two hours later than expected, and as the members wanted their way towards the various hotels they little suspected that they would find them nearly all full. They did. On account of the horse show visitors, the hotels had little room for the fifty or more theatrical people, but the best possible was done, and they finally all found good places. Early in the evening the hotels had all they could accommodate, and turned guests away. One hotel could have had forty more people had there been any room for them.

TEACHER RESIGNS HER POSITION HERE

Miss Edna Barnett Gives Up Her Place in the Schools.

It is Reported the Board of Education May Rescind the Order Against Married Women.

NO SUCCESSOR IS CHOSEN

Miss Edna Barnett, a teacher of the Sixth grade in the high school building, has resigned and the work in that grade is being conducted by the departmental teachers until the committee can fill the vacancy.

Miss Barnett resigned Tuesday and the committee has been trying to secure a successor. It is possible that another teacher will be secured before the week is out but the work is not hampered by the absence of the regular teacher, her work being done by the departmental teachers.

This grade was formerly taught by a teacher who married and resigned, not being eligible to teach after she had married. The school board did not care to set a precedent and decided not to permit her to continue teaching, but it is said that she may be asked to take the grade back if she cares to teach, the board members recognizing in her an excellent teacher. This is merely talk, however, as some members of the board may still be adverse to the plan.

"The employment of married women in the schools is a question which has been wrestled with by many cities and of late it has become recognized generally that it is better to exclude them entirely in towns of 30,000 and more population," a school official explained today. "This is because the younger teachers take more interest in the work, study harder to become successful and the boards desire to offer all proper encouragement. If married women were employed or given the preference, then the younger teachers would not be so numerous and anxious to secure positions. There is an inclination evident among the younger women to make educational work the work of their lives and when they enter into it in this light, we secure the best results possible, while persons who are married possibly do not consider the work in such seriousness and the best results are not then obtained.

"The intent of the board here is to perfect the schools, and considering the progress made in the past few years, the efforts have proven very successful. The schools are progressing more rapidly than the city itself and this is one very gratifying fact to the educational workers here."

FUNNY IDEA

Missouri Couple Come Here Expecting to Marry Without a License.

Mr. Howard Mudd and Miss Lorene Mudd, cousins from Siles, Mo., came to the city and were married yesterday by Rev. Father Jansen. The only unusual thing about the marriage was that they imagined that they could marry in Kentucky without a license, and when they first called on Father Jansen to be married they had none. He sent them back and they procured the necessary papers. It seems they had been misinformed by some one who confused the fact that the Kentucky law permits the marriage of cousins with the idea that it permitted marriages without a license. The groom is 27 and the bride 21.

MISSIONARIES HERE.

Rev. Swan and Wife Are Back From China.

Rev. and Mrs. John M. Swan and child have returned from China, where he is a missionary, and were here yesterday afternoon en route to Metropolis, Ill., to visit his brother, Rev. R. C. Swan, pastor of the Cumberland Presbyterian church there.

Rev. Swan has been a missionary in China for twenty years and he comes back to this country every ten years. He will stay over here until August and then return to the Orient with his family. Rev. Swan's home here is in East Liverpool, O.

Saturday Matinee and Night, .."Paradise."

Teddie McCann, a tenor singer who sang in the chorus of the Boston Ideal Opera company here two seasons ago at the Casino summer theater at Wallace park, is with The Girl and the Bandit Co.

McCann had a minor speaking part last night and was readily recognized by many of his old acquaintances. The only other member of the

TERES DEAGLE.

With Louis James in "Virginus" at The Kentucky Tonight.

Boston Ideal company which played here and who have returned with other companies are Ed McCannish and wife and Montjoy Walker, the former being here last year in a repertoire opera company and the latter this season with the Herald Square Opera company.

Louis James has never given a greater token of his consummate art, or a stronger expression of the potency of his histrionic powers than which he exemplifies in his masterly impersonation of "Virginus," and rarely is there a character and actor so identically allied with such glove-like neatness as "Virginus" to Louis James. The performance of Mr. James as "Virginus," has been compared to the "Hamlet" of Edwin Booth, or the "Spartacus" of Edwin Forrest. Mr. James, who is at The Kentucky tonight, promises to have a coterie of players supporting him that have each and all been selected for their special adaptability to the character assigned them.

For the second time "The Girl and the Bandit" delighted a large audience at the Kentucky theater last night. The company was preceded by a good reputation and record, and fully sustained them. The horse show apparently had no effect on the audience. At 9 o'clock there were very few people downstairs, but in half an hour there was scarcely a vacant seat left, with nothing except standing room in the balcony.

Little can be said about the production that is not already known. As last season Viola Gillette, Mahle Hite, J. C. Miron and others are the very best and they are capably assisted by a large and useful chorus with magnificent settings. "The Girl and the Bandit" is one of the largest shows ever handled on the Kentucky stage, but it was handled well. It can always count on good business in Paducah, for it is a first class show.

MACHINIST HURT.

A Piece of Punch Rode and Struck Him in the Nose.

Mr. Frank Toodey, a machinist employed in the local I. C. shops, was injured in a peculiar manner yesterday afternoon. He was working with a punch, holding the instrument while a laborer struck it with a sledge hammer. A portion of the punch flew off and struck the machinist in the nose, breaking the bone. The injury was dressed at the I. C. hospital.

Mayor Yeiser Wants the Gunboat Paducah to Visit the City.

Mayor D. A. Yeiser expects to forward in a few days a reply to the letter from Commander Wainwright, of the gunboat Paducah. The mayor has as yet taken no steps to have the gunboat visit Paducah and receive the silver service to be presented to it, but thinks that next April would be a good time, as there is usually plenty of water during that month.

Daily Thought.

"Many a man is richer by what he has relinquished than by what he has acquired."

AMENDING THE TAX LAW.

The thinking men of the whole state seem to be alive to the demands of better and more equitable tax laws. The question was brought up and discussed recently at the state development convention, and also a day or two ago at the meeting of the Louisville bar association.

Judge James P. Gregory on the occasion made some pertinent and interesting observations on the tax laws of Kentucky, and said among other things, and said it about as well as it could be said, as thus reported in the Louisville Herald:

"That the statutes of personal property taxation were arbitrary, inconsistent and unjust, as they, in practical effect, worked double taxation in many instances. Recent rulings, proper under the law, but illustrative of its improper effects, were taken up and discussed. One instance cited was that of the holder of stock in a Kentucky corporation, where the stock is taxed, through the property upon which it is based, is also fully taxed, and so the same property in reality bears a double burden of taxation."

"The big insurance investigations have been great things for the country, but would it not be a pretty good idea now to begin looking for grafts nearer home—those grafts that affect every man, woman and child every day in the year?"

The mayor is to consult some of the ministers about appointing a humane society committee. He would do better, no doubt, if he would also consult some of them about his political appointments. It is noticed, however, that he never does.

The Republicans of Paducah won last year and they can do it again this year. There are more disgruntled Democrats now than then, and we hope to get their votes. Every good citizen knows that Paducah needs a change.

To feed this great company of people requires a daily average of 1,000 pounds of bread, 1,150 pounds of meat, 500 gallons of coffee, and everything in proportion. These supplies, as well as fifteen tons of hay, 430 bushels of oats and sixty-five bushels of corn for the horses, have to be secured daily in the city where the show is exhibiting. It will be here October 26.

Section 4020, of the Statutes, pro-

in the state and all personal property of persons residing in the state and of all corporations organized under the laws of the state, whether the property be in or out of the state, including tangible property, shall be subject to taxation unless the same be exempt from taxation by the Constitution," was taken up and the injustice of its application was pointed out. Judge Gregory remarked that this law seemed to proceed on the assumption that all taxpayers are guilty and that none should be allowed to escape, and declared that it is shockingly unjust and inconsistent if literally enforced.

The injustice of a law subjecting property held in another state by citizens of this state, though that property derives all its protections from the laws of the other state, was spoken of in the address.

One effect of the law, said the speaker, was to place a restraint on cordial relations in business between the various states of a sisterhood, or to exile the taxpayer from his native state.

Another objectionable feature alluded to was the effect of the law which does not allow a taxpayer to deduct from the total of his property the amount of his indebtedness.

Judge Gregory said that while it should be the object of all just tax laws to force full payment and to defeat the efforts of the tax dodger, yet it was manifestly unjust that the man who met this obligation squarely should have to bear additional burdens to make that up, and that it was better that the state should bear the loss than that this result should follow.

The nomination of Dr. Harry P. Williamson for circuit court clerk is one of the few the Republicans have made for county officers. Dr. Williamson is receiving every assurance that his candidacy is being favorably considered. He is one of Paducah's popular young men. He is intelligent, energetic, progressive and has risen to the top of his profession. His success as a man indicates what his value would be as a public officer, and he is receiving every encouragement. Dr. Williamson may not have an opportunity to see all the voters, but his candidacy should be remembered by all who desire a genteel, sober, industrious young man in a public office.

The Owensboro Inquirer's summary of the political situation indicates that it is pretty much the same as here in Paducah. It says: "The Democratic party, under the influence of the men who have dictated its policy in Owensboro in the last ten years, is slowly disappearing, and if a change is not made, it will not be long until it is a mere memory. Year by year sees its apparent majority grow less on registration day, and at the polls it fares worse and worse."

The Republicans of Paducah are to be congratulated on the good showing they made in the registration. It is as good as last year, taking everything into consideration. There is more dissatisfaction among the Democrats than ever, and there is a feeling of confidence among Republicans for the coming election. Every Republican should work hard for the ticket from now on, and then go to the polls next month and vote for it.

"The Republican papers which could not say too many things of Editor Hensert when he thought he was running for president, are damning him with faint praises now that he is a candidate for mayor against the Democratic ticket in New York," says the Frankfort State Journal. Well, that's good politics, isn't it?

The board of public works will order no more work done on the Kentucky and Jefferson street improvements until that now under way is completed. The legislative boards have ordered work to proceed. This may look like harmony to some, but it does not look that way to us.

The big insurance investigations have been great things for the country, but would it not be a pretty good idea now to begin looking for grafts nearer home—those grafts that affect every man, woman and child every day in the year?"

The mayor is to consult some of the ministers about appointing a humane society committee. He would do better, no doubt, if he would also consult some of them about his political appointments. It is noticed, however, that he never does.

The Republicans of Paducah won last year and they can do it again this year. There are more disgruntled Democrats now than then, and we hope to get their votes. Every good citizen knows that Paducah needs a change.

CLOONAN HELD

JUDGE SANDERS DECIDED THE ATTACK ON HARRY ALLEN WAS UNNECESSARY.

Cloonan Alleges Self-Defense—Other Cases in Police Court Today.

The case against Ed P. Cloonan, charged with maliciously cutting Harry Allen several weeks ago, consumed the greatest portion of time in police court this morning.

The trial resulted in Cloonan's being held over to the action of the grand jury, under a \$200 bond, which he readily gave. The evidence in the case developed that the prisoner made an improper remark about a young lady and Allen resented it, stating the girl was a relative. The two men then went to fighting and Cloonan claimed that Allen attempted to rear a palling off the fence, and falling in this started to pick up a stone or piece of hard cement to strike him with, and while Allen was in a stooping posture he cut him.

Judge Sanders held that the cutting was unnecessary and held the defendant over. Cloonan disappeared after the difficulty but was located in Nashville and returned here for trial, coming without requisition papers.

The cases against John (Brownie) Hule, colored, for the alleged theft of cigars which he is accused of selling, were continued. The case against Bigger Hale, who is alleged to have been in with John Hale in the matter, was also continued.

Other cases were: St. Armstrong, colored, breach of the peace, \$10 and costs; Will Hornsby and Nina Robinson, colored, immorality, \$20 and costs each; Jerry Davis, colored, charged with obtaining money by false pretenses, continued.

BULLETS IN COURT.

Flew Thick and Fast When Plaintiff Fired at Mulatto.

Chicago, Oct. 19.—Robert D. Stetson, chief at the Vendome hotel, yesterday afternoon shot and fatally wounded Lee A. Lamkins in the court room of Justice Grant on West Madison street. Two of the bullets fired at Lamkins by Stetson passed close to the head of the judge.

Stetson had brought suit against Lamkins, who is mulatto, charging him with alienation of his wife's affections. The two men met in the hallway outside of the court room and Stetson drawing a revolver at once started after Lamkins who fled through the building crying for mercy. He finally ran into the court room and just as he reached the desk of the judge Stetson caught up with him and fired five times, hitting him three times.

A Pleasant Entertainment.

An entertainment was given last night by Mr. and Mrs. Morris Lewis, on Jones street, and a very enjoyable time was spent by those present. Cards were played and refreshments were served. Those in attendance were: Mr. and Mrs. Ed Lewis, Mr. and Mrs. T. E. Shaffer, Mr. and Mrs. Joe Palmerow, Mr. and Mrs. J. B. Clark, Mr. Frank McIntyre, Mrs. Floy Palmerow and Mr. Louis Palmerow.

TURNED TABLES ON THE LOAFERS

Clyde Could Not Get Up a Crew Last Night.

Officers Cross and Terrell Corralled the Idlers and Gave Them Their Choice of Working or Going to Jail.

THEY SOON HAD A CREW

Officers Cross and Terrell, of the Broadway beat, were busy from early this morning until the Clyde pulled out from the wharf about 7 o'clock securing a crew for the craft. While it is not the duty of the police to crew a steamboat, the officers gladly assisted.

The negroes refused to go out as rowers and the Clyde was unable to leave last night, her regular time for the Tennessee river. The officers heard of the matter and seeing an excellent chance to rid the city of many idlers, about the levee and lower Kentucky avenue, started in to give a few orders.

They informed the loafers that positions with good pay as deckhands awaited them on the boat, and that they could take their choice to go out on the boat or go to the city hall for vagrancy. This had the desired effect, and a crew of fifteen negroes was secured in a few hours.

The police will hereafter in such cases make quick work of the "rounders" and idlers who hang about the saloons and restaurants. If they refuse to go to work when it is offered, it is sufficient proof that they are vagrants, and the police will see that they get work one way or the other, if not for themselves, then for the city or county.

THE PRESIDENT.

Will Stop Tobacco Company From Using the Chief Executive's Picture.

New York, Oct. 19.—It is possible that the tobacco trust will soon hear that it is not advisable to use the portrait of the president of the United States to advertise their wares. The trust recently has been distributing to retailers a lithographed portrait of Mr. Roosevelt, mounted on a sort of case, to stand among the goods in the window. Beside the portrait is a picture of a bag of tobacco.

The president of the Cigar Dealers' Association of America, which does not love the trust, sent to President Roosevelt one of the portraits and a letter, saying: "I feel you are not aware this is being done and, on behalf of the trade, I wish to protest against the use of your photograph in this manner, as our members consider it an insult to your excellency that your photograph should be used in this manner."

The following reply was received: "Your letter of the 6th instant has been read, and on behalf of the president I thank you for calling attention to the matter of which you write. The subject in question will at once be taken up with the company you mention. Very truly yours,

"WILLIAM LOEB, JR.,

"Secretary to the President."

YELLOW FEVER HISTORY.

Miss Rose Falls, Formerly of Paducah, Has Written a History of Yellow Fever Epidemic.

Miss Rose C. Falls, formerly of Paducah, but now one of the most prominent women in New Orleans, has published a history of yellow fever and its course on the south.

Copies of the book have been received by several friends of Miss Falls in this city.

The talented young woman was for several years on the city news staff of the Evening News in this city. She went to New Orleans to live about twelve years ago. She continued in her newspaper work in that city and rose rapidly.

Miss Falls also studied law with success and was the first woman to be admitted to the bar in Louisiana. The history of the fever is extremely interesting.

Positive assurances are given out by the river interests that a new wharfboat will be secured here before the middle of November. It is stated that Capt. W. C. Lepper, agent of the mill line, C. V. Williams, the general manager of the line, and G. C. Wilson, the line's master of transportation, have united to buy a wharfboat and bring it to the city. Capt. Lepper, who returned Wednesday from Louisville, after a two days' conference with the men mentioned in the probable purchase, said they would unite with him to secure the much-needed craft for Evansville. He did not say where the wharf would be purchased, but they have three or four in view. Capt. Lepper says it is certain that the city will have a wharfboat before the middle of November.—Evansville Journal-News.

RAILROAD EMPLOYEES

May No Longer Buy From the Mines, But Will Have Reduction in Rates.

The Illinois Central road has agreed that no coal be sold directly to employees but the usual rebate on rates will be given employees. This morning a bulletin was posted in the local shops saying that employees may secure their coal from dealers and furnish a report of the amount bought.

The one-half rate freight charge is deducted and the coal dealer rebates this amount to employees. This was effected through the efforts of the coal dealers who have been attempting for several seasons to prevent the mine owners from selling direct to the consumers. Railroad employees would form a party, throw in and buy the coal by the car load and save a great deal in freight rates.

Was a Success.

The excursion given yesterday on the steamer Charleston to points on the Tennessee river for the benefit of Louis Friant, the blind ex-police man, was a great success. Capt. Cal Wagner ran the boat free of charge and the sum realized out of the trip was about \$75, which was presented to Mr. Friant today. Chief of Police James Collins had charge of the ticket selling.

Hon. E. W. Bagby Enters Judge's Race.

Hon. E. W. Bagby, referee in bankruptcy and one of the most prominent men in Kentucky and one of the most brilliant men in the state, has decided to make the race for county judge on the Republican ticket, as seen from his card below.

The Republicans at their recent convention did not nominate a candidate for county judge, Mr. Bagby being in mind, and today he decided to run. His opponent is County Judge R. T. Lightfoot, the Democratic nominee.

To My Friends, and the Voters of McCracken County:

In response to the many requests made, that I become a candidate for the office of county judge, of McCracken county, at the election in November next, I have determined to comply with such solicitations, and take this opportunity to so announce. I shall undertake the candidacy for the office on the Republican ticket, but with the understanding, if

Sammuel Eley and Della Randolph, of Sharpe, Ky.

Bankruptcy Court.

This afternoon E. W. Bagby, referee in bankruptcy, is hearing the argument in an opposition set up by creditors to the granting of a discharge to W. T. Keeling, of Calvert City, a farmer who sometime ago filed a petition in bankruptcy in this district.

The creditors set up some very queer charges in the opposition, alleging fraud in the disposition of property which should have been listed in the assets.

The liabilities of the petitioner amount to less than \$700 and it is said the property alleged to have been fraudulently transferred for the purpose of defeating creditors will more than cover the debts. Keeling is a farmer, and Attorney John Lovett, of Benton, is arguing for the creditors.

Reference in Bankruptcy E. W. Bagby this morning set the first meeting of creditors in the bankruptcy matter of Robert L. Knight of this city for October 30.

Married Marriage Licenses.

I shall endeavor to so conduct the office as to promote the best interests of the county, and try to so administer the duties pertaining thereto, as to lessen taxes, protect your interests and to so improve the institutions of the county as to promote the general prosperity of its citizens.

Owing to the short time intervening before the election, it will be impossible for me to make a thorough canvass of the county, or to see many of the voters. However, I shall do what I can within that limited time. In the meantime, I earnestly solicit your influence and help, and of all who believe a change in administration of county affairs will redound to the benefit of all concerned. HOISE SHOW NOTES.

In the grand parade last night Mrs. Luke Russell, Mrs. George B. Hart and Miss Crockett, the latter of Union City, Tenn., rode with Mrs. W. B. Mills.

D. J. H. Garber's turnout in the grand parade was a beauty and was encored, as were many others. In it were: Mrs. J. B. Garber, Mrs. Jas. Smith, Mrs. H. G. Thompson and Miss Williamette Jones. Among others in the parade were: Mr. and Mrs. Urey Woodson, Mr. and Mrs. W. Tully, Miss Elizabeth Sinnott, Mrs. L. D. Wileox, Capt. S. A. Fowler and Miss Martha Leech, Mrs. James A. Glauber, Mr. Ince Dipple, Mr. Herbert Hawkins, Mr. J. W. Moyers, Golconda, Ill.; Mr. E. H. Bailey, Murray, Ky.; Mr. W. Goe, Cairo, Ill.; Mr. G. E. Wilson, Paducah; Mr. and Mrs. O. L. Gregory, Miss Irene Scott.

The horse driven by Mrs. L. D. Wileox belongs to Mattie & Efinger, and is a very fine animal.

The harness on Dr. J. B. Garber's animals cost him \$100 and was made here.

Great preparations are being made for the children's feature Friday night. It will be a beautiful sight and several events have been arranged. This is in charge of Mrs. Muscoe Burnett, Mrs. Victor Vols, Mrs. Joseph L. Friedman, Mrs. C. H. Sherrill, Mrs. Henry Overby and Mrs. J. C. Flournoy.

Deal's and Dean's band were making music all day at Second and Broadway and Fourth and Broadway and attracted much notice.

Saturday will be farmers' day and there should be many live animals entered for prizes.

Col. Gus Singleton was in charge of the ring last night and presided with great dignity. His announcements of the prize-winners were so distinct that they could be heard on the outside of the park.

Mr. R. B. Phillips, president of the Paducah Horse Show Association, accompanied by Mrs. Phillips and their attractive visitors, Mrs. Houston Falls and Miss Anna Parks, of Nashville, Tenn., led the grand parade and received much notice.

The public was greatly surprised at last night's performance. It was really greater than the people expected and those who missed it certainly lost the opportunity to see a fine horse show and beautiful women at their best. The association members are already talking about another show next year.

Society was well represented in the boxes last evening and the beautifully gowned women and men in evening suit made a brilliant addition to the spectacle. Many out-of-town visitors graced the boxes.

There will be a parade tomorrow afternoon, commencing at 2:30 o'clock. It will form on Eighth and Jefferson streets, march on Jefferson street to Broadway and then to the river and back to the city.

Columbus, Ind., Firm Gets Both Contracts—Bridges Company to Build the Fill.

THE FILL WORK STOPPED

The board of public works yesterday afternoon let several important contracts. Lee & Everoid, of Columbus, Ind., were awarded both contracts for pavements from 14th to 18th streets on Jefferson, and from 18th to 25th streets on Jefferson. The bids were as follows:

Thomas Bridges, 62 cents for curb and gutter, 13 1-2 cents for sidewalks, 16 cents for driveway and 25 cents for piping.

Lee & Everoid, 60 cents for curb and gutter, 13 1-2 cents for sidewalks, 18 cents for driveway and 20 cents for piping.

For the concrete pavements between 18th and 25th on Jefferson the bids were:

Thomas Bridges, 62 cents for curb and gutter, 13 1-2 cents for sidewalks, 16 cents for driveway and 25 cents for piping.

W. B. Milne & Co., 67 cents for curb and gutter, 11 1-2 cents for sidewalks, 17 cents for driveway and 25 cents for piping.

Lee & Everoid, 60 cents for curb and gutter, 13 1-2 cents for sidewalks, 18 cents for driveway and 20 cents for piping.

The board decided to hold another meeting today to inspect the references of the successful contractors. City Engineer Washington will have figures showing the total cost of the sidewalks. The contract will then be drawn up by the city solicitor and signed.

The contract for the concrete culvert on Caldwell street near the I. C. depot, which culvert is to take the place of the bridge, was awarded to Thomas Bridges Son, W. B. Milne & Co. and George Katterjohn were the only other bidders, and on account of the complicated nature of the bid the exact figures could not be given.

Street Inspector Alonzo Elliott was ordered by the board to discontinue the work on the fill being built by the city from Caldwell street over towards the box factory, until the Illinois Central grants permission to cross its tracks. The local officials are willing for the street to cross, but want to get the proper authority first, about which no difficulty is anticipated.

PROMINENT MEN Do Honor to Distinguished Americans in England.

St. Andrews, Scotland, Oct. 19.—Never before have so many distinguished Americans directly participated in ceremonies connected with the inauguration of the rectory of a British university as partook in Tuesday's functions at St. Andrews, when Andrew Carnegie was installed as lord rector for a second term. Whitelaw Reid, the American ambassador at London; Charles Carnegie, American ambassador at Berlin; Bishop Henry C. Potter, of New York, and Dr. William J. Hoiland, director of the Carnegie museum at Pittsburgh, occupied seats on the platform and had conferred on them the honorary degree of doctor of laws, which also was bestowed on Dr. Nicholas Murray Butler, president of Columbia university, New York, in absentia.

The dean, in presenting Bishop Potter and Ambassador Whitelaw Reid for the honor degree of doctor of laws, said they were both distinguished citizens of the lord rector's adopted country. In the course of his speech the dean made a happy allusion to President Roosevelt, who was loudly cheered.

Mr. Reid, in replying, thanked the dean for the hearty and kindly reception in the name of "our gallant and spirited colonel of rough riders, who had also earned the rector's praise for his practical diplomacy in the direction of peace between two great nations of the world."

The entrance of Mr. Carnegie was the signal for an outburst of enthusiasm. His address was devoted entirely to the desirability, necessity and even the possibility of putting an end to war.

At the close of Mr. Carnegie's address degrees were conferred on the five Americans and on four Scotchmen.

An Important Decision. Frankfort, Ky., Oct. 19.—The court of appeals, by Judge Nunn, the whole court sitting, affirmed the Franklin circuit court in the case of Commonwealth vs. R. E. Gregory. The action was brought as pend suit against R. E. Gregory, an agent of the Citizens' Life Insurance company, paying judgment for \$75 for soliciting life insurance without having first procured a license. The defense was the company being a domestic company, organized under Kentucky laws, did not require such licenses. The lower court upheld this contention. About \$100 has already been paid in under a decision of the attorney general by the domestic companies, and this will be refunded.

It is alleged that while Landrip was over on a strip of road a mile and a half in length he filed claims against the county for work done and material furnished to the amount of \$207. The grand jury sent a committee to investigate the condition of the road, and it is said that they reported that so far as they could judge no work had been done upon it.

To Refund Licenses.

Frankfort, Ky., Oct. 19.—State Insurance Commissioner Prewitt will refund to Kentucky insurance companies all the money paid for agents' licenses, which money he collected on advice of the attorney general, and amounts to several hundred dollars. ASSISTANTS HERE INSPECTING SHOPS

Messrs. Baker and Neuffer are in the City Today.

Six of the Big 800-Class Locomotives Have Arrived for Use on This Division.

MANY LOCAL IMPROVEMENTS

Joseph Baker and J. G. Neuffer, assistants to Superintendent of Machinery William Renshaw, of Chicago, arrived in Paducah last night on private car No. 6 and are today looking over the local shops and looking after the new motive power arriving daily.

Yesterday, last night and this morning the new type of freight engines, the 800-class moguls, began to arrive and there are now six of the big machines here, from No. 841 to 846 inclusive. The engines are being connected up and prepared for immediate service on the district, and this is one matter the officials are here to look after. There is a total of 25 of these engines coming and they are being turned out as fast as possible.

During the summer many improvements have been made and are now under consideration and the officials will also inspect these. Most of the improvements are due to the untiring energy and interest of Master Mechanic R. J. Turnbull, whose system of operation is considered as perfect as possible to make it. Since Mr. Turnbull has been in authority here he has done a great deal towards facilitating the output of the shops and has been a great factor in reducing the costs by getting up improvements of an economical nature.

The latest improvement suggested by Mr. Turnbull and which is now under course of construction is a scrap iron furnace to be installed in the east end of the blacksmith shop. The boiler is here and the brick for the foundation is on route. The furnace will be used in melting up scrap iron which is shipped away from the shops monthly. On top of the furnace will be a large boiler, which is now here delivered, and the steam raised will be used in operating the two big steam hammers. This will increase the capacity of the steam plant and will kill two birds with one stone, figuratively speaking.

ILLINOIS MAN

Came to Paducah to Church and Had His Horse Stolen.

Thomas Chalk, an Illinois farmer who came to Paducah yesterday on business, is missing his horse, and the police are making a search for the missing animal.

Chalk last night went to the Trimble street Christian church to attend services, leaving his horse hitched outside. When the services were over and Chalk started home, he found his horse missing. There was no trace left as to who got the animal or nothing left to show that it strayed away. The matter was reported to the police but they failed to locate the animal.

This morning Rev. Chiles, of the Rescue Mission, reported that a stray horse was taken up and is being held at his house. The police investigated but found it not to be Chalk's horse. Rev. Chiles will hold the animal until a claimant appears. The horse is about three years old, blazed faced, a dark bay in color with white hind legs.
